COURT OF HONOR FOR JUBILEE WEEK

Will Consist of Thirty Two Ornamental Columns

CROWN OF VICTORY

Court Will Be On Washington From Prince to Cameron Streets—2,500 Lights to Furnish Illumination.

An elaborate court of honor ablaze with incandescent lights is to be erected on Washington street from Cameron to Prince streets, by the Welcome Home Week Committee for the big celebration planned for next week.

The court of honor will consist of thirty-two ornamental columns which will be known as Victory columns, each surmounted by an eagle. To each square there will be sixteen of these columns, eight being on either side of each square, Festoons of tiny lights will be arranged drooping effect.

A feature of the court of honor will be the erection of a Victory Crown. This will be erected at King and Washington streets and will be thirty feet from the ground.

This crown will be illuminated with a total of 600 lights. The crown proper will contain 200 lights and there will be eight streamers each containing fifty lights or 400 lights from the streamers and with the 200 in the crown proper bringing the total to 600

It is estimated that there will be approximately 2,500 lights used for illuminating the court of honor. A flag on a staff will be thrown to the breeze from each of the ornamental columns.

Dance in Court of Honor

In this court of honor will be held the block dance at 9 o'clock Thursday night. There will be two bands of music on hand, one at either end of the court and the participants will dance from each end.

The big street carnival is going to be one of the leading features of the Welcome Home Week for the soldiers. The committee in charge of the arrangements has planned for twenty attractions. These attractions will be placed on King street or just off that street and many concessions already have been sold by the committee to vendors who will do business along that thoroughfare.

Carnival Features

Among the main attractions which will be on the streets will be a Wild West Show, ferris wheel, old Plantation show, and a host of others including the usual line of freaks carried by carnival companies.

A large number of concession for the sale of hot dog sandwiches, soft drinks, pop corn, novelties, and others already have been taken. There will be a small sized army of street venders here for the carnival and barkers and hawkers will make the occasion lively throughout the week.

King street already has taken on holiday appearance, Festons of lights have been erected by the merchants on King street between Columbus and Alfred streets and were illuminated last night. It is expected that the merchants on other squares will contribute in order to have each square illuminated before the formally opening of the week of festivities.

Work on the court of honor will not be completed before Monday. All of the columns have been erected and practically everything is in readiness for its opening.

Urged to Decorate

All citizens are urged by the Committee in charge of the arrangements to decorate their places of business and homes in order to show their appreciation of the efforts of the soldiers.

ANTI-JAP BOYCOTT

Students of Nehinghua College Leading Disorders

The anti-Japanese boycott, which is being fostered by the National Students' Organization in Peking, is spreading throughout China. The authorities are unable to check the movement and the Minister of Educaton and the Vice Mnister have resigned.

Demonstrations were resumed Wednesday in Peking, where thousands of workmen are on strike. The university, has bee nclosed and converted into a military camp. The Government authorities do not wish to arrest the students, who enjoy public sympathy, and the police and gendarmes experience great difficulty in handling the youthful street orators.

A mandate ssued by the President ordering the students to return to their students has not been obeyed. The students of Nehinghua College appear to be leading the anti-Japanese movement.

BELIEVE ANARCHIST JUST FROM FRANCE

Philadelphia, June 6.—The possibility that anarchists newly arrived from Europe had a prominent part in the explosion of bombs in several cities Monday night was under investigation by Federal agents and the Philadelphia police today.

It was learned from the secret service men who came here from Washington that a purse picked up on the lawn of the home of Attorney General Palmer the day following the explosion at the Palmer home has given them an important clue. The purse contained a note written in French, stating that the bearer had just arrvied in New York from France, and naming the boat on which he was a passenger. The purse also contained French and Italian stamps. Leather experts said the purse was made in France.

Inside the wallet was also the picture of a boy about nine years old, The boy's hair apparently was of the same color as that of the anarchist killed at the Palmer home, and Federal agents believe the boy is the son of the dead man.

The French consular authorities in New York have been asked to find out whether the man actually arrived on the steamer indicated, what was his business in the United States, and who were his associates here.

DUEL OF ARGUMENTS

British And Americans Favor Certain in Concessions to Germany

Paris, June 6.—The sessions of the "big four" have resolved themselves for the present into a continuous duel of arguments and eloquence between Premiers Lloyd George and Clemenceau, the British chief making a supreme effort to swing the "Tiger" around to the view of the British and American peace commissions in favor of certain modfications of the peace terms with Germany.

President Wilson is temporarily maintaining a passive attitude, though understood to be giving his ful moral backing to Lloyd George's arguments on most of the points at issue.

Clemenceau stands pat on his refusal to yield one iota as regards the Saar Valley and Silesia clauses, and his conference with his cabinet is said to have strengthened him in his stand, contrary to expectations that his ministers were inclined to agree with Lloyd George and President Wilson.

The allies' answer to the counterproposals will be handed to the Germans before June 12.

The proposed solution of the Adriatic question has fallen short of Italy's maximum concessions as a result of the attitude of the Jugo-Slavs, and nothing remains but to fall back upon the pact of London and demand its full execution.

The Big Four have decided to call in the Turkish peace delegates, according to an unofficial report. The Turks will be considered merely as "witnesses" rather than accredited plenipotentiaries. They will have to accept the conditions exactly as drawn up by the allies.

WILL ASK TREATY VOTE TODAY

Senator Hiram Johnson will make a strenuous effort today to end the debate on his resolution demanding publicaiton of the peace treaty, he announced, responding to complaints from Seantors that the treaty debate is holding up vital legislation.

Johnson will insist on a record vote on the resolution, which has been before the Senate for more than a week.

Before discussion of his resolution is resumed, it is expected, the committee on control of Senate expenses will favorably report the Hitchcock resolution for an investigation of the "treaty leak." Hitchcok will try for an immediate vote, as he believes there will be practically no opposition to the investigation.

Senator Borah, who is still awaiting a copy of the treaty that he may read it into the record, intimated today the demand for a Senate investigation may have frightened off those who were to have given him the treaty.

If the investigations ordered, the plan is to call representatives of the League to Enforce Peace and State Department officials to refute intimations which Senator Hitchcock charged had been made that the Administration has improperly favored certain interests in this country while withholding the treaty from the Senate and the country.

Duraton of the debate on the publication of the treaty has caused much unrest because it is delaying consideration of appropriation and reconstruction measures. Senators Curtis and Kenyon, who have measures on the calendar, have complained vigorously, and have given notice that when the peace debate ends they will demand the Senate begin legislating.

Among the candidates who expect to enter the race whose names have been mentioned are John W. May, merchant, Alexandria; Charles Jesse an attorney of Alexandria County and J. W. Collins, of this city, president of Machinists Local No. 530.

LABOR COUNCIL ENDS SESSION

Vote of Thanks to Alexandria For Treatment to Delegates

GIFTS ARE PRESENTED

Newport News Gets Next Convention —Legislative Committee Chosen— New Officers Installed.

After selecting Newport News, Va., as the next convention city the annual meeting of the Virginia State Federation of Labor, which had been in session in this city since Monday adjourned at 5 o'clock yesterday afternoon.

The newly elected officers were installed by A. J. Byrne, Boston, Mass., who is international organizer.

The following were elected members of the legislative committee at teh afternoon session; J. W. Collins, Alexandria; N. C. Davis, Newport News; A. A. Minter, Roanoke.

A resolution thanking the Alexandria members for the hospitable manner in which the delegates were treated during their sojourn in this city was adopted.

At the conclusion of the business session a number of resolutions were considered by a joint meeting of the old and new executive board.

A number of the women delegates to the convention were presented with gifts of jewelry by delegates from the Tidewater section.

Reports From Richmond, according to newspapers published in that city are to the effect that the election of a colored man named Page of Newport News as one of the five members of the executive board caused a split in the convention. The Richmond paper says: "It is probable that at least some of the unions will withdraw from the organization."

It further says: "Labor men declare that this action would be followed by unions in other parts of the state, and as a result a disruption of the State Federation of Labor.

GRAND LODGE K. OF P.

Annual Session Planned For June 10 11 and 12 With Many Unique Features

Henderson, Va., June 6.—The people of Henderson are looking forward with interest to the coming of the Grand Lodge Knights of Pythias next week, the dates being June 10 11 and 12. Henderson invited the Grand Lodge to meet here last year but owing to war conditions no meeting was held. The D. O. K. K. met here at that time, but regarding the request of the government and others no elaborate entertainment was done This year Henderson is planning to show the Pythians and their friends a royal good time.

Automobile rides, public entertainment at the Chamber of Commerce, a band concert at Liberty Park, a barbacue at Dunn's Grove, an out-door banquet for the D. O. K's and other interesting features are planned. A number of donkey teams are coming from nearby towns, and already advertisements are beginning to appear in the local paper for eels, toad frogs and rabbits to be used in the street stunts.

INDIANS TO SEEK MISSING AVIATOR

Lenox, Mass. June 6.—North Dakota Indians, with whom woodcraft is second nature, are to be brought here to search the Berkshire Hills for Capt. Mansell R. James, the missing aviator, who came to grief somewhere in this section a week ago.

An offer from the Mayor of Deadwood, N. D., to send on Indians to join in the search was accepted today by Commissioner Peter Tyer.

Will the mothers, Fathers, and wives who have not received their white ribbon badges for "Home Coming Week" call at 700 Duke street and get them.

COMPROMISE NEAR ON TREATY CHANGES

Paris, June 6.—British and French delegates, through American intercession, were reported today to be approaching an agreement on the degree of modification of the German peace treaty. It was understood that the changes in the terms probably will result in some concessions by both groups, the French receding from their previous stand of opposing all modifications with the British agreeing to abandon most of the alterations recently advocated by them.

The reply to the German counter-proposals, which will embody the proposed modifications, is now expected to be ready for presentation early next week.

Meanwhile the Big Fours continued refusal to publish the text of the original treaty is resulting in embarrassment to the American commissioners, as the result of charges by Senators Lodge and Borah that copies are in the hands of certain private interests in New York. This embarrassment is increased by the fact that it is reported copies in German, French and English are available at newsstands in Germany, Switzerland, Holland, and in other neutral countries. There is understood to be a strong feeling among some members of the commission that the text should be made immediately available to the American people.

SICK BOY SHOT BY FRIEND

Victim Died Short Time Later, But Slayer Can Give no Reason For His Act.

Philadelphia, June 6.—Chiding him with being lazy, Francs Naper, 15 years old, of No. 146 Poplar street, fired a revolver at Robert Renner, 11 years old, who was lying sick in bed at his home, No. 927 North Hancock street, last night, and the bullet struck Renner in the right temple and caused his death a short time later in the Roosevelt Hospital. Naper was arrested and locked up in the House of Dentention.

Naper picked the lock of a bureau drawer in his father's bedroom, he told Boyce, after he got home from work yesterday afternoon and got out the revolver, which was fully loaded. Later in the evening he went to Renner's home. Renner's brother, Arthur, 7 years old, and his sister, Amelia, 12 years old, were in the bedroom, but got scared when Naper was displaying the revolver and left the room. No grown persons were in the house at the time.

Naper removed all the bulets but one and after doing that told Renner if he didn't get up and accompany him to the grocries she would make him get up that he was not sick, but lazy, and pointing the weapon, fired. Naper could give no explanaton of his conduct to the policeman, except that he had no intention of shooting Renner.

SHOOTING AT THE SHIPYARD.

George Weaver Uses Pistol on Daniel Lewis, Who, it is Alleged, Applied Insulting Epithets

A serious difficulty occurred early this morning at the plant of the Virginia Shipbuilding Corporation between George Weaver and Daniel Lewis, during which the former shot the latter. The wounded man was rushed to the Alexandria Hospital for treatment, although it is not thought that his injury is dangerous. Lewis was treated by Drs. Moore and Wood. He has bullet wounds in his thigh, head and chest.

Chief Goods and Officer Grover arrested Weaver and he was brought before the Police Court at nine o'clock. The case was continued for ten days to await the result of Lewis's injury, during which time Weaver will be held. The latter in his version of the affair alleges he has been the object of Lewis's insolence for some time, and that he has applied the most disgusting epithets to him. Weaver this morning armed himself with a pistol before going to work, and upon reaching the plant he says Lewis renewed his war of words, and when he had applied a most shameful epithet Weaver attempted to avenge the insolence by nature's weapons, when Lewis seized a sledge hammer and was intent upon using it when Weaver drew his pistol and fired. The ball from the weapon struck Lewis in the breast, inflicting what seems to be a serious flesh wound

Weaver is a native of Passedena Md. and resides at 1714 Duke street and Lewis at 1305 King street.

REAL BONE DRY NATION

Every Trace of Alcohol in Beverages to Go Says Sheppard

Washington, D. C. June 6.—Delegates attending the annual convention of the Anti-Saloon League of America were promised yesterday by Senator Sheppard, of Texas, that sale of any beverages containing even a trace of alcohol would be prohibited by laws now being framed for enforcement of nation-wide prohibition

"We are not 2.75 per cent. Americans," said Senator Sheppard, who made a plea, "not only for a saloon less America, but for a saloonless world." Ben H. Spence, a Canadian temperance worker, also urged world-wide prohibition fight, declaring that by extending the campaig the victories won at home could be be held.

Prophesying that the temperance movement is due for a reaction, Mr. Spence warned the convention that "some of the most tremendous battles are ahead." The temperance people today, he said, need more humility of spirit than they are accustomed to show.

"Prohibition won and is now at the peace table," said Mr. Spence. "We must not let in wine or beer. The beer cry is a brewers' proposition and the campaign for a little more kick is for the purpose of making more money by selling more beer."

The speaker brought shouts of approval from the delegates when he declared he "was not a subject of President Wilson, but a freeborn citizen of Canada."

BE COURTEOUS

The advice contained in the headline of this article was given by the Apostle Peter while he was in the flesh nineteen hundred years ago. It is as obligatory upon the world now as it was then, and were all to act upon these words much of the trouble which besets humanity could be avoided.

During the past year a number of cases have been brought before the Police Court of Alexandria which were the outgrowth of discourteous language used by certain men towards each other. The parties to these issues have generally been workmen who have flocked into Alexandria during the high tide which has spread over our city. These workmen have come from every quarter of the compass and they virtually speak all languages. But, strange to say, it is not the polyglotts which are patrons of the Police Court, but persons who speak the mother tongue of America, and the cause of all the trouble is the little member so difficult to tame.

During our civil war men came here from other sections of the country who applied epithets towards each other which would have caused bloodshed south of Mason and Dixons line in normal times. But these strangers seemed disposed to take such language in a Pickwickian sense, and it seldom brought on fights.

Manners and customs follow certain people wherever they go, and at present there are many men in our midst who use language toward each other which would not be tolerated in the forecastle of an East Indiaman.

Elsewhere it will be seen that this custom has again produced its fruit, one workmen at the Virginia Shipbuilding Corporation plant shooting another this morning.

In several cases of disorderly conduct which have been before the Police Court recently the parties have been warned of th consequences likely to follow the application of disgusting epithets toward each other. Some men are by no means prone to take such in a Pickwckian sense.

President of Commercial Telegraphers' Union Orders Immediate Strike

Telegraph and telephone companies, whose lines have been controlled and operated by the government since last August 1, were ordered last night to resume immediately operations for their own account by Postmaster General Burleson. The Postoffice Department, however, under terms of Mr. Burleson's order, retains a measure of control of the services, pending legislative action by Congress.

Immediately following the announcement that the wires were retained to private control, S. J. Konenkamp, president of the Commercial Telegraphers' Union, ordered employes of the Western Union Telegraph Company in Florida, Alabama, Georgia, South and North Carolina, West Virginia, Virginia, Kentucky, Tennessee, Mississippi and New Orleans, La., who are members, to go on strike at once.

MOURNS AT PEACE TERMS

Austria Ordered to Wear Sack Cloth For 3 Days as Protest

Vienna, June 6.—The Austrian government has decreed a three-day period of national mourning, in protest against the peace terms.

Herr Bauer, president of the Austrian natonal assembly, told the main committee of that body that the peace terms communicated to the Austrian delegates at St. Germain were unacceptable, because they made Austria's existence impossible.

The assembly will meet Sunday for a debate on the terms. Lengthy counter proposals by Austria are foreshadowed in official circles.

THROAT CUT IN ACCIDENT

Cumberland Woman in Dying Condition in Hospital

Cumberland, Md., June 6.—Mrs. Rebecca S. Welch, wife of W. Forrest Welch, real estate dealer, is at Allegany Hospital in a dying condition from injuries received yesterday when the automobile her husband was driving skidded over an embankment while returning from their farm near Ridgely. Both were pinned beneath the machine at a point so steep that it took two hours to extricate them and as Mrs. J. Kyle Cowherd gave medical aid he was held on the hillside by a second person to keep from falling.

Mrs. Welch's throat is cut from ear to ear, the windpipe being gashed and a piece of her crushed jawbone was removed. She lost heavily of blood.

Mr. Welch is suffering from a fractured breast bone and several broken ribs.

WALKOUT OF WIREMEN

Early this morning S. J. Konencamp, who is directing the walkout of wiremen, announced that his plans call for a complete nation-wide walk-out by June 10. He said the hour would be fixed within three days.

This walk-out will include, besides the keymen, telephone operators and employes and all electrical workers connected with the maintenance of the telegraph and telephone systems.

They will handle all messages necessary to the operation of trains, but under no circumstances will they handle commercial messages, according to the strike leader.

In three days practically every one of 8,000 to 9,000 union operators in the territory south of the Potomac will quit work unless the Atlanta difficulties are adjusted, it was asserted. Employes in Washington will be called out directly after this, and the strike will extend over the country as rapidly as practicable if the plans being developed last night do not miscarry.

A strike of all Western Union telegraph employes in the Southeast was called by Konencamp immediately upon receipt of information that the wires were being turned back to the private owners.

Callus? Peel It Off Quickly!

Nothing On Earth Like "Gets-It" For Corns and Calluses.

A spot of thickened skin on the bottom of your foot which so often makes walking an agony, is as easily removed by wonderful "Gets-It" as

Callus Comes Off Like Banana Peel!

any hard or soft corn anywhere on your toes. Look at this picture.—A few drops of "Gets-It" did the work. The callus comes loose from the true flesh. No irritation whatever. You peel the callus right off just like a banana peel—peacefully, painlessly. "Gets-It" does the same thing to any corn, without the use of sticky plasters, irritating salves, greasy ointments or bundling tape. There's no fussing—no knife, no scissors to use. "Gets-It" is used by millions, because it's common sense, and it never fails. Try it, prove it. "Gets-It," the guaranteed, money-back, corn-remover, the only sure way, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Richard Croker Says People Will Beat Prohibition, Sure as Sun Shines

New York, June 6.—"Whisky is poison and a curse, but as sure as the sun is shining in the heavens prohibition will be defeated by the people."

With this comment Richard Croker, once Tammany leader and "boss of New York, sailed for Ireland yesterday with his Cherokee wife, on the Carmania.

"The people of this country will not tolerate any curtailment of their personal liberties," he said. "The happy medium for this country is light wines and beer, and that is what it will come to in the near future."

The Crokers are returning to their Glencairn estate in Ireland after their visit in America, which they "thoroughly enjoyed."

Arrival of Ohios Chief Mediator May Settle Labor Dispute in Auto Plant

Toledo, Ohio June 6.—The arrival here yesterday of George F. Miles, chief mediator for the Ohio Industrial Commission, to lend his services in the labor dispute involving 13,000 employees of the Willys-Overland Automobile Company, was the first indication that an end of the trouble which has been in progress for four weeks might be in sight.

It was said that Secretary of Labor Wilson also might come to Toledo, inasmuch as he is in Ohio to investigate the trouble, but neither Mayor Schreiber nor officials of the automobile concern were in possession of definte informaton.

The Overland plant remained closed yesterday, according to Clarence A. Earl vice president and general manager, at the request of Mayor Schreiber, to prevent further disorders. Two subsidiary plants also are closed. Fearing a new outbreak of violence at the first of the funerals of the victims shot to death in the rioting Tuesday night yesterday caused Mayor Schreiber to detail several foreign speaking detectives to attend the services.

Michigan May be First to Pass Suffrage Amendment

The Michigan legislature may be the first to act on the Federal suffrage amendment. Governor Sleeper wired Washington yesterday for a certified copy of the measure passed by Congress. It may be presented to the legislature which is now in session.

New York, June 6.—"Special sessions for immediate ratification," is the new suffrage battle cry sounded by Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association.

As the maojrity of States do not have regular legislature sessions between now and a year from November special sessions will be necessary to ratify the suffrage amendment in time for all women citizens to be able to vote for President in 1920. Mrs. Catt predicted that the 27,000,000 American women of voting age will get what they are after.

INGOMAR— Wallace Reid

RICHMOND—Mary Pickford

Humor, with tears that tread upon smiles, is the keynote of "Daddy Long Legs," screen version of the famous story by Jean Webster, in which Mary Pickford will be seen at the Richmond today In this, the first of the productions to be made by her very own company Miss Pickford, as "Judy Abbott," easily has the best role of her career. As a poor orphan child, ever helping those about her and making the most of cruel treatment, she finally rises to wonderful heights.

ESCAPED CONVICT CAPTURED.

Pulaski, Va., June 6.—A negro who escaped from the jail at Dodson, N. C., was captured this week in the vicinity of Sylvatus on the county line between Pulaski and Carrall. He was taken to the jail at Hillsville and the Dodson authorities notified.

The negro succeeded in making his escape by pounding the jailer and his wife and a bull dog, which went to their assistance, over the head with an iron bar. Bloodhounds were called, but were unable to follow the trail. The fugitive made a circuit across the North Carolina line into Patrick and Carroll counties on a relay of horses which he stole, and after they were spent abandened them for fresh ones.

MAYOR HANSON BANS "MOONEY TAG DAY"

Seattle, Wash., June 6.—Charging that the Seattle labor council is "in the hands of Bolshevists" and that the move is designed to stir more unrest, Mayor Ole Hanson yesterday denied the petition of the Mooney defense committee to hold a "Mooney tag day."

GILMER KILLS REDWINE

Quarrel Over Road Location Cause of Shooting Near Gate City Thursday

Gate City, Va., June 6.—Twelve miles out of Gate City Thursday afternoon, Scott Redwine was shot four times and instantly killed by Oliver Gilmer. The men quarreled over a road location.

Oliver Gilmer surrendered to Sheriff Dougherty and is in jail. Thomas Gilmer, father of Oliver, is under arrest awaiting an investigation. Redwine had been granted an outlet through Gilmer's farm and had paid the damages fixed by the court. When he came to the road with a load of lumber he found a fence being constructed on the roadway. He attempted to cut out the fence when Gilmer is said to have opened fire on him. Six wounds were inflicted, four of which were of a fatal nature.
